

HOMEOWNER INTERVIEWER & HOUSE INSPECTOR SIGN UP FORM

TO: 2009 House Captains
FROM: Scott Williams, President, Board of Directors
Rebuilding Together*Portland

March 2009

Thank you for your participation in this year's program! What a great privilege and joy we have to help people in need have a better life. Simply put, we are a nationwide organization of volunteers who help low income homeowners with needed repair around their home and yard in order that they can continue living there in safety and comfort. Because of volunteers like you, we are now the largest non-profit home rehabilitation program in our country. We are very thankful to all the volunteers and sponsors, both corporate and individual, who make it possible for us to improve people's lives, homes and communities.

The Board of Directors of Rebuilding Together*Portland meets year round (with the exception of July) in order to maintain our program, do some projects, and prepare for the big Rebuilding Day the last Saturday in April.

We have an area of responsibility during the year that we could really use your help, or that of someone you know whom you feel would be qualified. It's the area of homeowner interviews and house inspections. Each year we have around 150 inspections that need to be made in order for the houses to be selected that will meet the criteria of the program. Interviews/inspections are made in pairs by people who have been trained to do so and have gone out with an experienced person often enough to feel comfortable. You can imagine the importance of this responsibility. The need is there for us to have more people who can make these calls. The calls can be made any time at your convenience and that of the homeowner. Ideally, calls are made from October through the middle of March.

If you are willing, or if you know of someone who is qualified and would be willing to help our Board with these inspections, please fill in the bottom portion of this letter, mail it to us and we'll get in touch with you. Again, if you are available and would feel comfortable making inspections, we really could use the help. Thank you for giving this your consideration.

Have a great Rebuilding Day experience! Thank you for your work!

Scott Williams, Board President

Please mail this form to: Rebuilding Together, 5000 N. Willamette Blvd., Portland, OR 97203

_____ Yes, I am willing to help with interviews/inspections

_____ I would like more information; please call me
